CHAMBER OF COMMERCE

ELECT OFFICERS AND DISCUSS MANY QUESTIONS FOR CIVIC WELFARE

The members of the Glendale Chamber of Commerce met in the Chamber of Commerce building, 1011 W. Broadway, Friday evening, January 28, for the purpose of electing officers for the ensuing year. J. W. Usilton, president of the chamber, called the meeting to order, after which he read the following review of the year's work:

Gentlemen of the Chamber of Commerce:

Glendale has seriously felt the depression in all lines of business during the past year, and it has been felt particularly by our merchants and the mechanical trades, but it is hoped that the crisis has been passed and that the mechanics will be busy building new homes and supplying the needs in their various lines, which will mean prosperity for our business men. It is stated that the rate of interest for money is lower and easier to obtain, and these facts should aid this city in attaining a healthy growth.

The Chamber of Commerce has received but two resignations in the past year and has received a number of new names that are active in work for the betterment of Glendale.

Special committees appointed to do specified work during the past year have performed the work expeditiously and in a satisfactory way and they should be highly commended for it.

Our two secretaries, Mr. Lilly and Mr. Jackson, have materially aided the work of the chamber. Mr. Lilly in accepting the secretaryship stated that he would be unable for business reasons to serve the entire term, but his assistance was highly prized while he occupied the office. He was succeeded by Mr. Jackson, who, in the new Chamber of commerce rooms extends the glad hand to visitors, of which there are many, and dispenses that rare old cordiality characteristic of his former home state—Kentucky. He has, also, proved an efficient, prompt secretary. Mr. Lilly during his term received no pay and Mr. Jackson has received very little for his work in behalf of the chamber.

Your executive board has displayed keen interest in every enterprise which would prove beneficial to the city of Glendale, and have always been prompt in attending the many meetings that have been required by the work of the chamber and have given masterly thought to the various problems that have arisen.

Attention is called to a number of amendments to the by-laws, one of which will result in eliminating a number of names from the roll of membership of the Chamber of Commerce. This will relieve the secretary from sending notices, save time and the expense of stationery and mailing.

In reviewing the more important work that has required time and labor by this organization we cite that much time was consumed in the early part of the year by the investigation of municipal affairs which resulted in a unanimous report with a number of recommendations that would reduce the city expenses, and which city officials concurred in, resulting in a material saving to the taxpayers. These recommendations were made owing to the stringency of the times and not because the investigating committee believed in penuriousness in city government.

Drinking fountains were recommended, which were installed by the city and have proved a source of convenience.

The auto parade, managed by the chamber, to aid the Tuesday Afternoon club with their May festival, was a pronounced success and should be repeated in the spring.

Money was obtained from the county supervisors to decorate the city and entertain visitors to the Elks' convention, which aided the city to keep up with her neighbors in extending a welcome; floats were also sent to Los Angeles two successive days, which was good advertising for our city. The Chamber of Commerce and Elks combined in this matter.

The opening of Seventh, Chestnut and other streets at railway crossings required energetic work, but was accomplished.

The committee on industrial site made a partial report, which was highly satisfactory and which will doubtless be acted upon by the city authorities when details connected therewith are complete. It is not an unusual thing in locating an industrial site for a city that much time should be required as there are many details to be considered.

Probably the most important enterprise which this chamber, with the

(Continued from Page Four)

ICE PLANT READY

CRYSTAL ICE AND STORAGE COMPANY'S FACTORY IS NOW IN WORKING ORDER

At the Crystal Ice and Storage company's new plant at 126 Third street, everything is activity at the present. The plant is now in working order and the huge compressor is doing duty. This compressor, known as the Frick Ice Machine, is one of the best of its kind. It works almost noiselessly and is kept company in this silent record by a clever-looking little engine that is smartly turning the propeller that churns the brine in the big tank. Friday the engineers were testing out the pipes and valves and Saturday they start in making ice.

Ten men are at work on the plant at present. Mr. A. Harter, the superintending engineer, is highly pleased with the progress that has been made despite the rains. "This plant will be turning out 20 tons of ice a day after Feb. 1," he said to a representative of The Glendale Evening News. "By that time two shifts will be working. Just at present you see the tank is gradually being filled up with brine. The ice-molds are in place. Each of these molds weighs 75 pounds without the ice. The blocks of ice weigh 307 pounds. When the ice machine is at work it compresses the ammonia. This is anhydrous ammonia and it comes in liquid form in those big cylinder tanks which weigh about 150 pounds. Some of them weigh less. The ammonia is compressed and forced through these coils of pipes which pass from the outside and finally are arranged in rows of 15 coils of pipe for each row. The moulds stand in the brine between the ammonia pipes. The propeller keeps the brine in agitation and the process of ice-making is then in full swing.

"When the ice has been formed in the mould a traveling crane comes along and lifts each mould into this ice dump, which is automatic. A jet of hot water loosens the ice in the mould and the huge block tips out and enters the ice room by means of this door.

"I am particularly proud of this oil furnace," said Mr. Harter. "Just watch how quickly steam can be got up." As he spoke the engineer started the flow of oil and steam into the furnace, which was soon roaring at full blast. Gradually it quieted down and the volumes of thick smoke that had been issuing from the smoke shaft became more and more light until when the furnace was in full progress no smoke was visible, so perfect was the combustion. By a device of Mr. Harter's invention the cold air that mingles with the oil and steam is led to the back of the furnace and travels round to the front. There is no question of the efficiency of the device. Steam rapidly rose and where there was only 5 pounds showing on the gauge, in about four minutes 60 pounds was visible.

"This is a wonderful enterprise for a single individual like Mr. Coker to have carried through," said Mr. Harter. "It is quite a large undertaking also. He has asked very little in the way of concession from the city and has employed local labor where I could have saved him a large sum of money by bringing experts to assist me in the work. The people of Glendale are going to have a great advantage in this ice plant. They will get ice served to them at a much lower temperature than the ice that comes from a distance and they will thus have a considerable saving.

"Mr. Lutz, the engineer of the Waynesboro, Pa., company that supplies the machinery, will remain here 20 days after the plant is running to see that everything is in working order and to leave it absolutely perfect as far as the Waynesboro people are concerned."

JOINT CLUB MEETING

The Lyceum club of Los Angeles will meet with the Baptist Young Peoples' Union at the First Baptist Church Sunday evening, Jan. 30th, at 6:30 p. m. This will be the first appearance of the Lyceum club in Glendale. The club is composed of talented young women, who are attending the Los Angeles Bible Institute. They have been organized for some time under the leadership of Mrs. Horton, wife of the Superintendent of the Institute, and are deep students of the Bible. The young ladies will have entire charge of the meeting and we are assured that it will be full of interest and inspiration. All young people are most heartily welcome. Come and bring your friend. Don't forget the time, 6:30 p. m.

FIFTY DEAD IN SAN DIEGO DAM FLOOD

OTAY VALLEY SWEPT CLEAN—EVERYTHING GONE—U. S. TROOPERS SEARCHING FOR BODIES

(Special Service to Glendale Evening News)

SAN DIEGO, Jan. 29.—(By wireless to Los Angeles) United States cavalry today are searching the devastated Otay valley for the bodies of the fifty missing persons, supposed to have been drowned when the lower Otay dam broke late on Friday and sent a forty foot wall of water thundering down on the homes of the ranchers. All of the little ranches have been swept away. The valley is now all desolate and bare. Everything is gone. There is not a trace left of all that the industry of the small ranchers had built up during past years.

The excessive rains of the past weeks had so filled the dam that the pressure became too great for the retaining wall. When the wall burst millions of gallons of water were precipitated on the unsuspecting people of the valley. There was no time to escape. It is believed that the estimate of 50 dead is probably correct.

Relief work for the few who escaped from the scene of destruction is now under way and a large sum of money has been raised. The San Diego water supply is believed to be safe as there are four other dams that supply the city with water and the rain has filled them to their capacity.

LUSITANIA DISPUTE ASSUMES SERIOUS LOOK

SECRETARY LANSING INDICATES THAT GERMANY AND UNITED STATES ARE AT BREAKING POINT

(Special Service to Glendale Evening News)

WASHINGTON, D. C., Jan. 29.—According to official statements today Germany and the United States are very close to the breaking point. Secretary Lansing indicated that the dispute concerning the sinking of the Lusitania was more serious now than at any time since the beginning of the negotiations. Events of the past week have brought the two nations to a point where one of them must yield or negotiations will cease. Although Count von Bernstorff, the German ambassador stated that the last German note was the Kaiser's last word on the subject, President Wilson rejected it. "Confidential conversations" are at an end. A categorical demand will be presented to Germany should its answer not be favorable and a categorical reply demanded.

GERMANS CAPTURE MILE OF TRENCHES

TEUTON DRIVE ON THE WESTERN FRONT RESULTS IN SMALL GAIN OF FRENCH TERRITORY

(Special Service to Glendale Evening News)

BERLIN, Jan. 29.—In the seventh offensive drive on the western front today it is reported that the Kaiser's troops captured one mile of French trenches. They also took the village of Frieze in the Artois region and 1000 yards of French trenches south of the Somme with 1200 prisoners. The fighting continues with the French artillery in heavy action and their infantry in repeated charges on the captured trenches where the Germans are holding firm.

ALLIED MARINES LAND ON GREEK SOIL

DETACHMENTS OF FRENCH, BRITISH, RUSSIANS AND ITALIANS OCCUPY TALABAR FORTS

(Special Service to Glendale Evening News)

ATHENS, Jan. 29.—French, British, Russian and Italian marines landed today on Greek soil. They at once occupied the Talabar forts. The Greek commander of the forts made a formal protest to which no attention was paid. The Greek troops then marched out and left the forts to the Allies. It is stated that the Allies had ascertained that the forts were acting as a supply station for the German submarines. There is every indication that an important battle for the complete domination of the Balkan peninsula is imminent. Avlona is being heavily fortified by the Allies.

PRESIDENT WARNS COUNTRY TO PREPARE

WILSON SAYS NEW WORLD CIRCUMSTANCES HAVE ARISEN AND NATION MUST BE READY FOR DEFENSE

(Special Service to Glendale Evening News)

PITTSBURG, Jan. 29.—Warning the people of the United States that new world circumstances have arisen for which the nation must prepare herself, President Wilson today asked all citizens to attend to the business of preparing not for war, not for aggression but for the national defense.

ARKANSAS FLOOD SITUATION WORSE

ARKANSAS CITY, Ark., Jan. 29.—Seven are known to be dead in the serious floods that have sent the Arkansas, White and St. Francis rivers on the rampage. Houses have been swept away in every direction and sheep, horses and cattle have been drowned in large numbers. Many ranchers have lost everything and have barely escaped with their lives. The situation is becoming worse.

GLENDALE IS VICTOR

LOCAL ATHLETICS OVERWHELM L. A. NORMAL BASKETBALL TEAM 53 TO 27

Quite a fair audience witnessed one of the most cleverly played basketball games it has been the fortune of Glendale to witness, Friday night, at the Glendale Athletic club's gymnasium, corner of Glendale and First. There were other attractions Friday night, so that the audience that came out to support the Glendale boys was gratifying. The local team gave a fine exhibition of the game and easily baffled their opponents, the Los Angeles State Normal team, who did not understand the close team work of Glendale. At the close of the game Glendale had won by a score of 53 to 27.

A game between the Glendale 120-lb. team and the Hollywood High School 120-lb. team was also scheduled for Friday night, but the Hollywood boys, at the last moment, sent word that they could not come. The Glendale Athletic club management desires to inform those who were present at Friday night's game that they can obtain free tickets for the Hollywood-Glendale game, which will be played next Friday night, by applying to Mr. Faries at The Men's Shop, 1109 W. Broadway.

Following was the lineup for Glendale unlimiteds: Bidwell and Mitchell, forwards; Taylor, center; Farner and Stone, guards.

For Los Angeles State Normal the lineup was: Blanchard and Brown, forwards; Hess, center; Squires and Van Vail, guards.

For Glendale Bidwell scored 4 field goals and 14 fouls; Mitchell 6 field goals, Taylor 7 and Stone 1.

For Los Angeles State Normal Blanchard scored 2 field goals and 1. fouls, Brown 3 field goals and Hess 2.

This sweeping victory places Glendale within one game of second place in the league contest. The next game will be played at Los Angeles against Normal Hill Center, a strong club that is financed by the City of Los Angeles.

BRILLIANT GRADUATION EXERCISES OF CLASS OF 1916 ATTRACT CROWD

Third Street School auditorium was crowded Friday night with an enthusiastic and delighted audience who came to witness the graduation of the class of 1916. The graduation was a brilliant affair. The auditorium was tastefully decorated with ferns and pepper boughs in wonderful profusion. A mass of potted ferns adorned the stage and the beauteous folds of the Stars and Stripes draped at the back gave a requisite touch of patriotism to the whole scene.

Principal Richardson D. White, assisted by Miss Carrie Noble, vice-principal, superintended the proceedings and made the necessary introductions. The Intermediate orchestra, under the leadership of Miss Wetherby, showed the result of careful training in the clever interpretations of the various pieces played. Wheeler's "Twinkling Stars," the first orchestral piece of the program, was given with remarkable crispness and was received with applause.

The Girls' Glee club sang with charming effect Marzials' "Go Pretty Rose" and "The Fairy Pipers." Judge Curtis Wilbur's address was full of advice and encouragement to the young graduates. He compared the student to an automobile and said that just as the auto even with a first-class engine cannot go without a well-constructed and well-kept body and tires, so the young man or woman cannot do effective work without strong physical endowments. He advised the graduates not to let their education stop at this point, but to go on to higher things.

One of the features of the evening was the violin solo of Isaiah Sinclair, who was accompanied by his teacher, Mr. Julius Kranz. Both master and pupil deserve the highest credit for their masterly performance. The piece played was "Walther's Prize Song" from "Die Meistersinger." In response to enthusiastic encores the violinist played another selection.

Dr. J. E. Eckles, president of the board, being unavoidably absent, Mr. L. E. Brockman presented the diplomas to the forty-two graduates, in appropriate phrase. The orchestra then played in excellent style Wheeler's "On the Wing," and the exercises closed with Wagner's "Pilgrims' Chorus," sung by the class.

In every way this was one of the most pleasing ceremonies of the season. The young girls of the graduating class looked charmingly sweet in their semi-tailored frocks with white, kilted skirts and loose belted "sport" coat effect. The majority of the graduates are going to Glendale High School..

STORE OPENS MONDAY

WILLIAMS DRY GOODS STORE HAS OPENING IN NEW LOCATION MONDAY, JAN. 31

Geo. E. Williams, who has conducted a dry goods establishment at the corner of Glendale avenue and Broadway in Glendale for the past five years, has joined in company with R. W. Meeker, who resides at 300 E. Colorado boulevard and has been a resident of Glendale for over ten years, in starting a new dry goods store at 345 S. Brand boulevard, in the Rudy building, Monday morning, Jan. 31.

Mr. Williams, who has been in the dry goods business practically all his life, has had the building remodeled to fit his ideas of what an ideal store-room in a growing city such as Glendale should be. The store-room now boasts of two large, up-to-date display windows, with three large windows at the rear, making a real daylight store in every sense of the word. The natural light, however, is abetted by an up-to-date indirect electric light system. The interior and store fixtures have been finished in old ivory and mahogany while a new hardwood floor adds to the inviting appearance of the room. Near the entrance patrons will find a convenient waiting room, where they may use the phones or wait for their car. In rear of the store a pleasant ladies' rest room has been installed.

The large stock which includes a general line of dry goods and women's and children's furnishings, is in every way the equal to its surroundings; is all new and particularly chosen to fit the needs of the community. In addition to the dry goods line a select stock of men's furnishings will be carried, including Arrow collars, neckwear, hosiery and the better grades in shirts.

Mr. Williams will continue to give S. & H. Trading Stamps to his patrons and have the Premium Parlors at his new location. He cordially invites his many former patrons as well as the general public to visit the store the opening week, and see one of the most modern and up-to-date suburban dry goods stores in Southern California.

SHOW WILL BE FREE

In accordance with the policy of the Glendale Garden Society, already announced, not to solicit donations or prizes from local merchants for the Free Flower Show, to be held April 20, 21 and 22, no effort will be made to solicit advertisements from Glendale firms for the schedule of exhibits about to be published. The Lord loveth a cheerful giver, says the good old Book; and this Flower Show should be the cheerfullest, happiest Flower Show ever known, for admission will be absolutely free to everyone, and all the money raised to finance the enterprise will have been obtained from those who gave readily and cheerfully and because they wanted to give.

Of course, a Free Flower Show means that the attendance will be very large, and that the schedule of exhibits will be a most popular piece of literature for two months before the date fixed. Several thousand copies of the schedule will be printed about Feb. 12, will be circulated with discretion and will be obtainable free from every business house in Glendale. The Garden Society must, of course, raise money to defray the cost of printing this schedule; and will do so by accepting advertisements from those who wish to advertise.

In order to give our local merchants every opportunity for using the pages of the Schedule of Exhibits as an advertising medium, no advertisements will be solicited from Los Angeles or Pasadena firms until after Feb. 5. Until that date all spaces will be reserved for local firms, but no authorized solicitations will be made. All applications for advertising space should be sent to headquarters, 1111 West Broadway. Inquiries will be cheerfully answered either in person or over the phone, Glendale 1357. Mrs. Nanno Woods, President.

NOTED SPEAKERS FOR FEDERATION DINNER

Former lieutenant governor A. J. Wallace and Prof. Jerome Cross of Pasadena will be the speakers at the annual meeting of the Federated Brotherhood at the dinner to be given at the Congregational church on Thursday evening.

Mr. Wallace will address the men on the subject of the lay missionary movement and Prof. Cross will speak on "Some Phases of Brotherhood Work." Any man interested is invited. Dinner 35 cents.

HELPING THE IMMIGRANT

In the making of American citizens John Foster Carr has taken a prominent part. Mr. Carr has not manufactured American citizens as the Tammany agents used to do, by the fifty or the hundred, almost the very day they set their feet ashore at New York. His has been the task to go to the countries whence the emigrants come and to study there the conditions of the people and their needs.

In this way Mr. Carr traveled over the greater part of Southern Europe and came to know and to love the people specially of Italy. He has written handbooks for their guidance, pointing them out the way in which they should go when they arrive in this country and showing them the pitfalls it is necessary they should avoid.

Mr. Carr is a man of education, as might be known from the intelligent interest he takes in the foreigner who is to become a citizen of this republic. He knows their languages, their thought, their customs and has given them so much excellent advice that the sinister influence of the old "padrones" has been overthrown and the Italian and other foreigners who have chosen the republic as their home have found themselves really freemen in a free land.

For seven years Mr. Carr was resident in Oxford, England. There he met with friends like Walter Pater, who had a profound influence on his life. He tramped Europe on foot and came close to the peasant heart of that land. His desire to see to the welfare of these simple people led him to write his book in which he tells how Italians newly arrived in this country may pick up English, find work, rent or own land, travel, send money home, and avoid breaking city and State laws.

So much have foreign governments thought of this work that Mr. Carr has received many decorations for his services and also what he prizes much more, the heartfelt thanks of the immigrants and their children, who know just how much this initial guidance has meant for them.

JAPANESE INTERFERENCE IN CHINA

It is becoming manifest that Japan is anxious to have a hand in the management of China. Every day sees more and more pressure being exerted on the Celestial kingdom by the mikado and his advisers to the end that China may be brought under Japanese influence and trot at the snap of the Japanese whip. This was not so manifest when the European nations were ready to take a hand in the game. Japan was then more inclined to live up to her treaty undertakings.

Senator Sherman in the senate the other day introduced a resolution in which he sought to get that body to pledge itself to the sentiment that Japan must cease exerting pressure on China otherwise this country would regard such pressure as a grave interference with American freedom of trade in that country. The fate of this resolution has not yet been decided. What the effect of such a measure would be on Japan is difficult to say. The Japanese are not inclined to pay attention to anything except a recommendation that they know can be backed up by force.

It would be inconceivable that Japan should keep on thus thrusting its hand into Chinese internal politics were the statesmen of that country not confident that beyond remonstrance there would be nothing done to stop their action. They are very well aware that their action in China must be displeasing to Britain, Germany and France, all of which have heavy interests in China; but they know that it is impossible for these countries to do anything at present on account of the war. They also know that because they are supplying the European nations and specially Russia with arms and ammunition there will be nothing done.

Europe's extremity is Japan's opportunity. She will seize what she can in China while the picking is good and will take her chance of what she can retain when diplomacy takes a hand in settlement. One thing, however, is likely to keep her from provoking war—that in her newly acquired wealth. Japan is fed up with money just at present and she has been poor so long that she will doubtless like to have the spending of her gains on something more agreeable than bloodshed.

AUSTRALIA'S LATEST ENTERPRISE

Nothing is more wonderful than the development of the continent of Australia. The rise of the different States that make up the commonwealth of Australia is one of the most remarkable instances of the development of a free State under the aegis of the British flag. Australia is now a wonderful self-governing entity and yet a most important unit in the great world-empire of Britain.

Australia is a country of experiments or rather a country of enterprise. This British State is now administering another British colony and doing it well. The territory in question is British New Guinea or as it is now termed—Papua. This important territory comprises more than 90,000 square miles, of which nearly 3000 form islands. The white population numbers 1186 and the native about 500,000. These natives speak several languages and dialects.

In September 1906 Australia assumed sovereignty over Papua. The Australian leaders saw that a great future lay before Papua and they determined to have a hand in it. This determination was the more easily arrived at as is was reported that oil had been found in the island. Natural gas, brine and oil were found exuding from the soil near Aro-Aro. Extensive surveys revealed the fact that the oil-bearing territory was very wide.

The German territory in the island has now been taken over by Australia and the surveys continued. The reports show that there is every indication that vast oil pools lie below the surface of the island. The anticlines are well marked and boring has been commenced. It is probable that with the economic administration of the oil-bearing territory, which is to proceed under the leadership of certain expert Australians, the island will be rapidly developed into a center in industry and become one of the most important links in the chain of British oil stations that are being gradually built up in every quarter of the globe. That means a still more rapid development of Australia as a great factor in the Pacific.

CHRISTIAN SCIENCE

First Church of Christ, Scientist, holds services in the Masonic Temple Sunday morning at 11. Subject, Sunday, January 30: "Love."

Sunday Shcool is held at 9:30 a. m. Wednesday evening testimony meeting at 8.

Reading Room, 415½ S. Brand Blvd., open daily except Sundays and holidays from 12 m. to 4 p. m.

FIRST M. E. CHURCH

"A Runaway Couple" will be the subject of the evening sermon at the First Methodist church on Sunday. What did the press say during the past week about such a couple? What does the Bible say about runaway couples? What is your opinion? Hear this message. There will be special musical numbers by the large chorus and by a ladies' quartet.

At the morning hour of worship the pastor will speak on "Useless If Detached—The Sovereignty of Life." If you are seeking vital things, this message will appeal to you. Special musical numbers, "Savior of the World" (Goss), by the large chorus. Solo, "Somebody Knows"—Mrs. Cammack.

Bible School, 9:40 a. m. Epworth League and Class Meeting, 6:30 p. m. Church location, Third street and Dayton Court.

COME! COME! COME!

The Associated Manufacturers of Los Angeles will give a Demonstration Social at 1114 West Broadway, near Brand boulevard, Glendale, from 2 to 10 p. m., Tuesday, Feb. 1st, 1916. Interesting motion pictures at 9 p. m. Dainty refreshments. No charge for admission. No offering. Let all the friends—over 15 years of age—of the Casa Verdugo M. E. church, visit this Food Show and sign up for this church, each registry giving 1000 votes. Please don't forget! 135t2

DR. SPERRY AT CONGREGATIONAL CHURCH

The Brotherhood will have charge of the evening service at 7:30 o'clock. A speaker of unusual ability and power has been secured in the person of Dr. Lyman Beecher Sperry, who will give his great lecture on "Somethin's Gone Broke." Dr. Sperry is an author of valuable works on Sex and Hygiene, also he has traveled and lectured extensively. The Brotherhood has arranged the following attractive program:

Song Service Leader—Mr. E. O. Von Oven.
Responsive Scripture Reading—Mr. W. D. McRae.
Music, "Sweet Sabbath Eve"—Male Quartette.
Prayer—J. E. Storm.
Music, Selected—Male Quartette.
Announcements and Offering.
Hymn.
Address—Dr. Sperry.
Hymn.

Mr. W. J. Button, the president, will preside. The quartette consists of Mr. Blake Franklin, Mr. Ralph W. Beers, Mr. H. W. Yarick and Mr. Lewis P. Abell. Mr. A. R. Chappell will be at the piano.

11:00 a. m.—At this service new members will be received and the Communion administered. The pastor will give a brief address. The choir will sing the anthem, "Father, In Thy Mysterious Presence" by Scott.

The Sunday School assembles at 9:45 a. m. and the C. E. meets at 6:30 p. m. Mr. Howard Brown will lead the C. E. meeting; topic, "Great Missionaries."

The Brotherhood of the church will meet Monday at the church at 7:45 o'clock.

HITCHCOCK MAKES GOOD

Rev. L. Potter Hitchcock of Pasadena, who spoke at the Congregational church last evening, delivered a sermon of unusual brilliancy. The language was ornate, the illustrations graphic, the thought uplifting and inspiring. "We are laborers together with God" was the text. "Man needs God and God needs man in doing the work of the world. The world's work has been done by just men and women plus God." The people were urged to find their work and then in fear and love of God go forth and do it.

LUTHERAN CHURCH

Interest by the members and friends is showing itself constantly, assuring a very encouraging growth. That this congregation should double itself in nine months and the Bible school increase about 300 per cent certainly speaks well for all those who have been laboring so diligently. Yet there are many more here in Glendale to whom we naturally look as helpers in this part of the Lord's Kingdom. May they be encouraged to rally to the support of their brethren.

The congregation was represented at the Lutheran banquet in Los Angeles on Last Thursday night by Wm. A. Anderson, W. C. Rieth and the pastor. The meeting was preliminary to the great "Laymen's Convention," Feb. 27 to March 1. Many good things were said by the various speakers. One statement was that 10,000 Scandinavian Lutherans are to be found in Los Angeles and vicinity.

The pastor will speak Sunday morning on "Moral Lameness" and in the evening on "Reformation or Regeneration, Which?" If you attend nowhere, a church home and a welcome awaits you.

PRESBYTERIAN CHURCH

Quarterly communion service, 11 a. m., and reception of new members. The sabbath school meets at 9:40. Junior Endeavor, 3 p. m. C. E. meeting, 6:15.

Evening, 7:30—Quarterly post-communion service of song, assisted by Sunday School orchestra. "Jesus The Very Thought of Thee," arranged by Mrs. Sloan, will be sung by Miss Dorothy Bonnell. Solos, duets, choruses and quartets have been announced.

The reception to new members will occur on Friday evening, Feb. 4th, eight to ten o'clock. The Brotherhood will have charge of the program, and will serve refreshments.

CHRISTIAN CHURCH

Secretary F. M. Rodgers of Long Beach will supply the pulpit of the Christian church Sunday morning and evening.

Bible School at 9:30 a. m. Christian Endeavor at 6:30 p. m. Bible Class in Genesis at 6:30 p. m.

FIRST PRESBYTERIAN CHURCH OF TROPICO

Corner of Laurel and Central avenues. Rev. O. P. Rider, pastor.

Services tomorrow, January 30: Sunday school 9.45 a. m.; morning prayer and sermon at 11 o'clock; young people's meeting at 6.30 p. m. Evening prayer and sermon, "The cost of service" at 7.30 p. m.

ST. MARK'S EPISCOPAL CHURCH

Corner Fifth and Louise streets, Rev. C. Irving Mills, D. D., Rector.

Tomorrow, January 30, the services are as follows: Holy communion at 7.30 a. m., Sunday school at 9.30 a. m.; morning prayer and sermon at 11 a. m.; vespers at 5 p. m. Topic of the sermon by the pastor at the 11 o'clock service is: Saint Simeon. Everybody welcome. Seats free. Music by vested choir.

FIRST BAPTIST CHURCH

The pastor, John Henry Troy, will preach at both services. Morning theme, "The Wonders of the Christ"; evening, "Why Baptists Do Not Keep the Sabbath." Bible students will derive much benefit from both services.

Regular Bible School, 9:30. B. Y. P. U., 6:45. Prayer meeting Wednesday, 7:30.

ENTERTAINS G. A. R. LADIES

Mrs. W. A. Brown, 913 San Rafael avenue, North Glendale, gave an all-day party, Friday, to the ladies of the Grand Army of the Republic of that neighborhood. A very pleasant day was spent. A dainty luncheon was served in the course of the afternoon and the time was spent in needlework and pleasant conversation. Those present were: Mrs. Luella Bell, Mrs. Lydia Park and Mrs. Ada Purdue, all members of the Ladies of the G. A. R.

Personals

Mrs. Frank Collings of 146 South Central avenue is still quite ill in her home.

Mr. and Mrs. C. S. Davis entertained Eastern friends in their home at 147 S. Central avenue on Thursday.

Mr. and Mrs. A. J. Maxwell and family moved today from their bungalow at 216 South Central avenue to 114 Brand boulevard.

Upon the urgent request of the members of the Tuesday Afternoon club of Glendale, Mrs. Mattison Boyd Jones has accepted the candidacy for vice president for Los Angeles District of Federated Clubs.

Mr. and Mrs. Frank R. Thomas at 1308 Arden avenue are entertaining as week end house guests, Mrs. E. G. Thomas of Paso Robles, Mr. and Mrs. Ray G. Veazey and little daughter, Adelaide from Los Angeles.

Mrs. E. J. Dodge of 1469 Milford street has recovered from a severe attack of la grippe and is able to be out once more, having been ill and confined to the home for the past seven weeks.

Miss Nona Thomas of the Manchester apartments, Los Angeles, has been the guest of her sister, Mrs. Wm. N. Kirkby, better known as Ollie Kirkby, for the past week, and spends this week end with Mrs. Gus Pulliam of 210 Cedar street.

Mr. and Mrs. R. P. Isitt of 872 Damasco Court presided over an elegantly appointed dinner in their home on Thursday evening. Special guests for the occasion were Mr. and Mrs. John T. Crampton, Miss Grace Crampton of Glendale, Mr. and Mrs. Walter R. Simons and Miss Drucilla Simons of Pasadena.

Tuesday evening, Mr. and Mrs. John Auchenbauch of Hollywood presided at dinner in compliment to Mrs. Auchenbauch's sister, Mrs. Abernathy of Minneapolis. Mr. and Mrs. Alfred A. Dove of 1463 Ivy street were among those bidden to meet this delightful visitor. On Wednesday Mrs. Dove attended a luncheon given in the home of Mrs. Rudolph Weist of Los Angeles.

FOR SALE—Buckeye incubator, almost new. 337 Moore avenue, Tropico. 135t2

SUGGESTING ST. VALENTINE

Mrs. Benjamin F. Logan of Kentucky was the honored guest at a prettily appointed dinner party given Friday evening in the home of Mr. and Mrs. Albert D. Pearce of 1559 Milford street. Red hearts, red carnations and ferns being used in the clever decorative arrangement. Hand painted cards marked covers for Mrs. Logan, Mr. and Mrs. R. M. Jackson, Mr. and Mrs. W. E. Evans and the host and hostess.

MRS. G. N. BROWN

Martha E. Brown, wife of George N. Brown passed away at her home, 908 Dryden street at 1 a. m., Friday, January 28 at the age of 66 years. Mrs. Brown had lived in this community for two years and had many dear friends here.

Funeral services will be held on Monday afternoon at 2 o'clock at the Pulliam Undertaking chapel, Dr. Julius Soper conducting the service. Interment will be in Forest Lawn cemetery.

AFTER KIDNAPERS OF WOMAN

Captain Herald of the Glendale police was working all yesterday and is engaged today on what is likely to prove a highly sensational alleged kidnaping case which took place from a bungalow in connection with Canyon Crest sanitarium, which is within the limits of the City of Glendale. Detectives from the sheriff's office and others from two private detective agencies are also at work on the case. The kidnaped woman was in charge of a nurse, Mrs. Catherine Craig, who was found unconscious at the door of the bungalow. She said that she had been struck and beaten into that condition by two masked men.

Mrs. Holman, the kidnaped woman, is about 40 years of age. She is the daughter of the millionaire Hirshman family of Pittsburg and has an independent estate valued at $90,000. She has been a patient of the Canyon Crest institution for two years.

TROPICO

Music and readings followed the dinner, which was served at a table artistically decorated in carnations and ferns.

Mrs. Flora Parsons Pugh of Alexandria, Indiana, is the house guest of Mr. and Mrs. Herman Melrose of Blanche avenue.

The Mothers' club of the Acacia Street school is working long, late and early to secure funds with which to purchase a piano for the school. Many entertainments and programs have been given by Mrs. Richard Todd, president of the club, each event proving a financial success. Mrs. Todd and her various committees have been encouraged by their efforts and now are planning to give a vaudeville program in the Glendale Union High School, Tuesday evening, February 1. The program promises to be of unusual interest, for a number of professional performers have consented to assist. Mrs. Todd has announced that Mrs. W. C. Wattles, Mrs. A. J. Meagher, Mrs. George Peterson and Mr. A. J. Frankland are arranging the program for this event.

In a recent issue of the News a most favorable comment was given of the splendid lecture with which Prof. C. K. Judy of Throop College entertained a very appreciative audience, taking as his subject the "Irish National Theater." In speaking of the program Prof. Judy was introduced as of the Throop Polytechnic, Pasadena, instead of Throop College of Technology. There is no Throop Polytechnic, Throop College having taken the place of the time honored Poly. Throop College has but recently been highly honored as it is the only college of Southern California whose president, Dr. J. A. B. Scherer, has been invited to attend the meetings of the Pan-American Union. Dr. Scherer is at present in Washington, attending the convention. Berkeley was the other California college to be represented at this august meeting.

The rain ceased sufficiently long Thursday evening to permit the relatives and many friends of the nine young graduates of the Tropico Grammar school to assemble in the auditorium of the Glendale Union High school and enjoy the splendid program presented by the members of the class. The class colors, purple and gold, predominated in the decorations. The school orchestra, under the able and efficient direction of Mrs. Dora Gibson, rendered a number of selections. Then the songs given by the Tropico school Glee club, with Miss Ruth Mitchell, musical director, leading, were very enjoyable, and the twenty-five members of the club evinced a remarkable training. The class play, "Visa Versa," was well received; each character being well sustained by the young graduate best adapted for his or her part. The evening's exercises, which proved so enjoyable and highly entertaining, concluded by Clyde R. Carmack, member of the Tropico board of education, presenting the diplomas to the smiling and happy young graduates, following a brief but well spoken address in which Mr. Carmack took for his theme the class motto, "Upward." Even though it is winter and the rains have ruined so many of the flowers and early spring blossoms, yet each graduate was fairly buried beneath many and beautiful flowers, presented upon the happy occasion. Those to whom diplomas were awarded were Miss Anna Frantz, Miss Gladys Goddard, Miss Marion Kennedy, Miss Irene Ward, Miss Bessie Ward; Masters Joseph Harrison, Robert Hood, Rutherford Wallace and Fred Winters. With the exception of Miss Anna Frantz, whose parents leave shortly for the east, all the girl graduates will enter the Glendale Union High School. Of the boys Fred Winters is the one exception, who will not enter high school, for this spring term at least.

SURPRISE BIRTHDAY PARTY

The Stanton home, 1015 Lomita avenue, was the scene of a merry party last evening, the Queen Esther girls of the First Baptist church having taken Mrs. Stanton into their confidence and planned a birthday surprise for their class teacher, Miss Dorothy Stanton, whose birthday fell on the 28th, and the Misses Caroline Watling, Nora Smith and Alta Lovell all celebrating their natal day during the past week.

Games were enjoyed throughout the evening, the contest prize being won by Miss Doris Latter. At the conclusion of a most bountiful buffet supper a huge birthday cake was produced by Mrs. Stanton which each birthday child cut in turn.

Then followed the initiation of new members, including the Misses Merva Scott, Doris Latter, Gladys Mason, Hazel Page and Marguerite Jalopeke. The old members of the circle are the Misses Mabel Dunman, Ruth Sanford, Alpha Prindle, Myrtle Tummel, Mary Hunt and Lavina Banker.

MUSIC SECTION

Entertaining, interesting and instructive was the meeting of the Music section of the Tuesday Afternoon club, held yesterday afternoon at 1223 West Seventh street, the home of Mrs. E. M. Kinney, music curator of the section. "Peer Gynt" by Ibsen was read, while the musical arrangement by Grieg and written under the personal direction of Ibsen was produced on the Victrola.

NORTH GLENDALE

Mr. and Mrs. Edward S. Lawrence of 1304 North Maryland avenue, with Mr. and Mrs. M. C. Kneib of East Second street, formed a party who attended the theater last Thursday evening, witnessing "So Long Letty."

Mr. and Mrs. John Rhind of 1305 Arden avenue will entertain the Gangster's club at their attractive home this evening. The affair will be a hard times party and dancing will be the main feature of entertainment. A delightful time is anticipated.

Mr. and Mrs. Edgar McSpadden of 1316 Arden avenue visited the former's mother and sister, Mrs. W. L. McSpadden and Mrs. J. P. McCulley of Covine, during the past week.

Mr. and Mrs. J. Duane Moore of 1603 Burchett street will entertain at dinner this evening (Saturday). Violets and ferns will decorate the table and their guests will include Mr. and Mrs. Allan Kipper of Glendale.

J. L. Britton of Los Angeles was in North Glendale last Friday looking after his property on North Pacific avenue.

Mrs. J. A. Mead and children, Milo and Donald, of 1648 Ruth street, were dinner guests of Mrs. M. C. Scott of 1533 Burchett street, last Thursday evening.

Mr. and Mrs. Paul Price of Dryden street were guests of Los Angeles friends last Thursday evening.

Miss Dorothy Call of Long Beach was the house guest of Mrs. J. Duane Moore of 1603 Burchett street during the past week.

Mr. and Mrs. Edward S. Lawrence of 1304 North Maryland avenue were guests of the Cocker Spaniel club of Los Angeles at a charmingly appointed dinner and card party last Tuesday evening.

METHODIST BARACAS WIN

A snappy game of basketball was pulled off at the First Methodist church athletic grounds, Third and Belmont streets, Friday evening. The contending teams were the Baraca class team of the Methodist church and the West Adams Presbyterian church team. A good attendance of fans were on hand to encourage both teams.

A lively bunch came in an auto truck to root for the West Adams team. Needless to say the Baraca boys had plenty of support from the bleachers.

The game was well contested throughout and save for a few fouls, the results of inexperience, the game was a pretty good exhibition of basketball.

The West Adams team played a vigorous and speedy game, but were outclassed by the Baraca boys. The Methodist boys were strong on the offensive but a little weak on the defensive. As this was the first game of the season they will doubtless give a better account of themselves in the future.

Kuntz and E. Scott played the best ball for the West Adams team. But in spite of their rallying powers the Presbyterian boys were not equal to the game put up by the Glendale lads. McGillis, Stokes and Mark Francy played fine ball for the Baracas. R. Lusby and Ginn played vigorously and made a fine showing.

The final score stood 24 to 13 in favor of the Methodist Baracas.

The basketball game was followed by a game of volley ball in which the Methodist boys were again the winners. After the games the teams and their friends adjourned to the Social hall of the church where they enjoyed a social hour and refreshments.

DUAL TRACK MEET

After an interval of two years Glendale High School and South Pasadena High School will resume their former closely contested struggle for the championship of the track. The former contests will be remembered by those who witnessed the interesting meet of 1913, when Glendale won the majority of events. This was followed by a hard struggle on the part of South Pasadena to even up matters and in 1914 the boys of that school won the events by one point.

From that time the interest in the school track meet began to wane and other interests took its place. This year, however, the old rivalry has been revived and Glendale High will again seek to wrest the honors of the track from their South Pasadena opponents.

Glendale High School has now a fine new track and mat has stimulated the athletes of 1916 to practise. Their success in developing track material has encouraged them to arrange a dual track meet with South Pasadena for Saturday, Feb. 5. This will be the first meet held on the new track.

Glendale has some excellent track performers whose records are encouraging. Lukens and Shereger are easily the defenders of the honors in weights. They are looked to to win the shot-put, the javelin and the discus.

Spink has been performing steadily in the high jump and improving daily. He has been doing somewhere around 5 ft. 6 and 5 ft. 7 in., and is looked to for 5 ft. 9 in. when the meet comes off. Hastings Bidwell, it will be remembered, made a record of 6 ft. 2 in. for the High School in his time, but that is not likely to be equaled this year or for some time to come.

Griswold is good for the mile and also for the half-mile. Rosa is to defend the 440 distance. In the hurdles Renshaw is unquestionably the contestant in both high and low. The school has three men for the 100-yard dash—Glazier, Seay and Beach. These three with the addition of Eckles also make up the relay team. The public is invited to come out and encourage the home team, Saturday, Feb. 5.

$35.00 Poultry Contest

GLENDALE-TROPICO POULTRY ASSOCIATION'S NEXT SHOW, TO BE HELD IN DECEMBER, 1916

$10.00 for the best White Orpington Cockerel.

LA CRESCENTA ITEMS

Mr. Herbert Scheuner spent Sunday in Los Angeles with friends.

Mrs. Mary L. Thomson underwent a successful operation on her jaw last Monday.

Mr. Louis Maranville was honored by being elected president of the M. J. B. club at last Tuesday evening's meeting.

Miss Nell Miller, daughter of the librarian, has started a semester's work in the Los Angeles Normal school in preparation for teaching. Inasmuch as Miss Miller is a college graduate, only a short normal course is required in order to get a teacher's certificate.

The school children from Littlelands had the pleasure of walking from Pennsylvania avenue to the car line on their way to school for a few days last week. The floods covered Pennsylvania avenue with sand and rocks so that the stages could not cross.

VERNON SNIVELY ILL

Chief of Police C. E. Snively and Mrs. Snively of Los Angeles left over the Southern Pacific last night for El Paso, Texas, being called there by the sudden and serious illness of their son, Vernon.

For several years the Snivelys lived in Glendale where they have a host of friends, Vernon attending both Grammar and High schools here graduating from the latter in the summer class of 1913. He holds the position of location man with the "U" film company and for the past few weeks has been securing war scenes in Mexico.

MRS. CORAL HARRISON SLOAN IS TRAINING 200 FOR GRAND SPECTACULAR DRAMA

"Ben Hur," Gen. Lew Wallace's wonderful story, will be presented in spectacular form at the Palace Grand theater in the near future. Those residents of Glendale who were privileged to witness the wonderful dramatic presentation of Dickens' "Christmas Carol," as given by the children trained by Mrs. Sloan, will not fail to recognize that this new production will be a great dramatic treat.

Speaking of her coming production of "Ben Hur," Mrs. Sloan said: "My decision to produce the spectacular drama 'Ben Hur,' in the form of 'silent drama' is largely due to the appreciation of those who witnessed the 'Christmas Carol.' To such friends it gives me pleasure to say that the coming production of 'Ben Hur' will outshine the little Christmas play as the sun outshines the candle.

"I have never seen anything like the response I have met with from the people of Glendale in making plans for this play. With the full sanction of Prof. R. D. White I am visiting the schools, room by room, observing the students and making selections of those who give promise of ability. At the West Glendale school on Friday I made a real discovery in the persons of little Alice and Sigi Farrow, children of Dr. and Mrs. Farrow of Doran street. These children will take important parts. There will be 200 people in the cast, more than half of whom will take principal roles."

Every scenic effect known to modern drama will be used in making this production a success. Mrs. Sloan herself is to read the text of the play. Those who have heard this gifted artist will understand that her interpretation of the drama will leave nothing to be desired.

CHAMBER OF COMMERCE

(Continued from Page 1)

aid of many people from various parts of the county, has succeeded in getting favorable action upon is the extension of Brand boulevard into Los Angeles city by way of Ivanhoe avenue and Lake Shore. The bridge over the Los Angeles river is to be built at a cost of $15,000 to the city and the county to pay $5000. This will open a more direct way to the city of Los Angeles and result in a saving both of money and time to residents of the San Fernando valley. Doubtless this will be built during the present year.

The establishment of this room as headquarters for the chamber and for the convenience of strangers is an evidence of enterprise. It is desired to furnish the room and make it more inviting but a lack of funds has prevented. It should be improved.

A booklet of 12 pages, illustrated, is among the chamber's enterprises, which has been distributed judiciously, and will prove beneficial.

The unfinished work follows: Appointment of a committee to investigate and report why the city of Glendale is paying a school tax of 1.79½ on the $1.00. This committee will act without prejudice and make a thorough investigation. The rate seems abnormal when compared with cities similar in size.

Car fare to Glendale from Los Angeles, a distance of 8 miles, is higher than other places and a committee will try to induce the Pacific Electric to lessen the rates. The service is good.

The chamber in appointing a committee to draft a freeholders' charter knew that it would not be a legally constituted body, but the idea was for the committee to formulate a public mass meetings for suggestions and amendments, and then to be elected by the citizens as a legally constituted body with the prepared charter as a platform, or select a body to stand for election in their places with the prepared charter as a platform. It is thought that in this way a satisfactory charter can be prepared.

All committee meetings should preferably be held in the chamber of commerce rooms. It is also understood thoroughly that all committees appointed by the chamber of commerce to do any specific work should report back to the chamber —this should never be overlooked.

The secretary, R. M. Jackson, gave a report of the year's receipts and expenditures, which report he has on file at his office and is open for examination by any members of the Chamber who were unable to be present at the meeting.

The chairman then announced that the chamber would proceed with the election of officers, the first in order being the election of twenty directors. The following members were elected as directors:

J. C. Sherer, G. B. Woodbury, J. N. McGillis, T. W. Preston, S. C. Packer, M. B. Hartman, Herman Nelson, John Roman, C. E. McPeek, W. E. Hewitt, A. T. Cowan, F. P. Wilson, H. A. Wilson, J. W. Usilton, T. W. Watson, John R. Barrows, W. W. McElroy, W. J. Smith, F. L. Muhlman, Harry Chase.

The By-Laws governing the organization require that the president and vice president be chosen from the list of directors. The chair announced that the chamber would proceed to elect a president. J. W. Usilton, who for the past year has served in that capacity, was nominated as a candidate for president and there being no other candidates placed in nomination, on motion Mr. Usilton's nomination was made unanimous and the secretary was instructed to cast a vote for his election.

G. B. Woodbury was unanimously elected vice president, R. M. Jackson was elected secretary without opposition, F. H. Vesper was elected treasurer. Complying with the rules governing the chamber the Board of Directors will meet Monday evening, January 31, at which time an executive board of seven will be elected, two of the members being the president and vice president.

The chairman proceeded to name committees which he had been instructed to appoint at a previous meeting. The committee on Railroad transportation reduction is O. A. Lane, John R. Barrows and William Kimball; the committee to investigate as to the high rate of Glendale's school tax, W. J. Clendenin, S. A Davis, H. A. Wilson The appointment of these committees was followed by short talks from a number of the members. On the subject of the high school tax the trend of the discussion indicated that the purpose of the investigation was not for asking that the salaries of teachers be cut down or the efficiency of the school lessened in any way, but that the committee make intelligent inquiries as to the cause of the high tax rate which has been reported as being the highest of any school of similar character in the United States. The question is being asked, "Is this high rate being caused mainly by the expense of the upkeep of the High School or the Glendale district schools or both? Is it caused on account of the payment of large sums of interest on bonded indebtedness? Is it caused by the purchasing of expensive equipment? Is it caused by the payment of salaries to an unusually large number of teachers?" As conditions are at present, it seems that there is not a resident of the Glendale community who is able to explain why Glendale should have a higher school tax than Long Beach, Monrovia, Whittier, Pomona and other cities of similar population. The committee was assured that they would be allowed to spend a reasonable amount of money for paying a competent person to do clerical work necessary in getting a complete report from the various schools. The attitude of the Chamber of Commerce toward the educational work in the city is a friendly one and no action will be taken at any time that will be adverse to the best interests of the school.

Following are the names of a committee named by the chair to take the initiative in advocating a Freeholders' charter to govern the City of Glendale:

T. W. Preston, chairman; Frederick Baker, W. E. Evans, J. F. Tatlow, W. W. McElroy, A. T. Cowan, T. W. Watson, F. L. Muhlman, A. D. Pearce, W. J. Clendenen, C. W. Ingledue, J. N. McGillis, W. F. Wood, C. O. Pulliam, H. P. Coker.

T. W. Preston, chairman of the committee, has called a meeting for Saturday evening, February 5, in the Chamber of Commerce rooms.

A motion prevailed that a vote of thanks be extended to J. W. Usilton, president, and other officers for their untiring efforts in working for the best interests of the city the past year.

WEST GLENDALE METHODIST

Pacific and West Fifth. H. Jackson Hartsell, pastor.

11:00.—Morning Worship. Subject: "Servants of the Living God." Are we slaves to Fashion? Does worldly gain control us? Must everything bow to scholastic education? Will heart service make us natural and save us from stereotyped slavery?

7:30.—Evening Worship (Stereopticon Lecture). Subject: "Moslem Millions." A study of the Mohammedan religion which has 50 millions more adherents than all the followers of Christ. Mecca is the world's last forbidden city to Christianity.

9:45.—Sunday School, J. E. Henderson, Superintendent.

MOTOR CAR

The motor seems like a thing of life, abounding in vitality —trigger swift in the gliding get-away, and splendidly free from the slightest jerk, or jump, or jolt

A reflection of this is the steadiness of the car—that freedom from trembling and vibration in the tonneau which means so much in ease and comfort.

The motor is 30-35 horsepower
